Are you interested in a job in academia but don't necessarily want a life in the R1? Sign up for the **PUI* Plant Network Workshop** on Sunday afternoon! (*Primarily Undergraduate Institutions) You'll learn about a diversity of institution types (liberal arts, smaller state schools, etc.) from our professor panelists, who will also discuss our paths to our jobs and advice we have for you at any stage of your career. We'll then walk you through the application process for professorial positions, and you'll then have the opportunity to take part in multiple individual mock interviews for hypothetical PUI jobs! We are building a network of students & faculty in or interested in the PUI life, and we want to know how we can help you achieve your career goals.
